

BRILLIANT EXTERIOR  
SURFACE CLEANING

# delete

## Code 150-010

---

## Heavy Duty Degreaser

Delete Heavy Duty Degreaser can remove even the heaviest grease and oil from all washable surfaces including rail engineering pits, car parks and driveways, plant and machinery ports and bilges.

- Low odour
- Free rinsing
- Dilute to use - goes further
- High performance and quick acting
- Suitable for use in the rail industry
- Highly effective as an under carriage/ frame cleaner on rail vehicles

### Limitations

---

- n/a

### Specification

---

<b>Appearance</b>	Slightly opalescent, mobile liquid
<b>Colour</b>	Straw
<b>Odour</b>	Mild
<b>S.G</b>	1.00
<b>pH</b>	10.00

### Dilution

---

Dilute 1 part to 10 parts water (10% v/v).

### Method

---

1. Apply to the surface using a brush or by spraying
2. Agitate with a brush to loosen and emulsify heavy grease and oil
3. Rinse off using water from a hose or pressure washer
4. Refer to instructions from your cleaning machine supplier if they're available

Always test a small inconspicuous area to check for surface compatibility.
